

DAVID A. HAMBELTON

David graduated High School in 1972 out of Sacramento, CA.

He has been a licensed cosmetology instructor since 1977. And being very successful through the years in professional cosmetology competitions in such categories as hair cutting and styling, David has since transferred his talents and knowledge to the instructors

and students of Shasta School of Cosmetology.

Mr. Hambelton has been around cosmetology all his life. His father, Robert Hambelton, was previous owner of a cosmetology school as well as a licensed Cosmetologist and Cosmetology Instructor. Mr. Hambelton's sons are currently following in his footsteps as licensed Cosmetologists and Cosmetology Instructors giving the Shasta School of Cosmetology three generations of experience in preparing its students for licensing and preparation for the work force.

Mr. Hambelton says that his reward from all his years in this industry is seeing the students succeed in the cosmetology field; and then their children, generations of future students that benefit from what his father started many years ago.
